SEVENTEENTH YEAR

# \$1.8 Million Pavin Plan Up to Council

Program Exceeds 1950 Work By Half-Million Dollars

Edmonton's all-time record-shattering \$1,811,431 paving program for 1951 will be presented for city council's approval tonight.

On the same date last year, aldermen endorsed a \$1,353,000 program—at that time a record.

Major projects planned by City Engineer J. D. A. Macdonald for next year include:

## Currie Asks Suspension Of Sawchuk

Cochran Frank Currie of Edmonton

Plyers said today he will ask immediately for the suspension of defendant Julian Sawchuk of Calgary Stampede.

Currie said he would make the request by telephone today to President Al Picard of the Western Canada Senior Hockey League in Regina, when he protests against league referees.

Currie alleged the referees were helping opponents' players "bustle" the Flyers into submission.

ANDERSON HURT  
Currie's disclosure came after the Flyers roster was out to 11 players as the league leaves out a 54 decision to Stampede.

Centrum Doug Anderson suffered a shoulder injury when crashed against the boards in the first period by Sawchuk. It was the other injured Flyers.

Currie said Sawchuk should have received a match penalty for the act of the game under rule 31 which deals with "deliberate injury of an opposing player."

However, Currie said referee Natty Walsh first gave Sawchuk two minutes, then later gave Anderson a suspension when he saw Anderson was injured.

OUT FOUR GAMES  
Says this morning disclosed Anderson had not suffered a shoulder separation. However, the injury was still under examination and Currie said the first would be out of action four games or more.

Other injured Flyers are defenseman Bill Pettinger, Mac Colville and Doug Lane, and forward Elmer Krulter and Bill Menard.

Pettinger, suffering a back injury, and Krulter, sporting a broken wrist, may not be action again this season. The others are suffering from leg ligaments.

Currie said a stock answer by the referees to unsportsmanlike conduct in the league was that they didn't see what happened.

"But every body else in the house sees it," Currie remarked.

## Australia Wins 2nd Test Match

MELBOURNE, Dec. 22.—(Reuters)—Australia won two up today in the first of two cricket test series defeating England in the second test here by 28 runs.

England, needing 179 to win, put out for 159 in the second innings and lost by 100 runs. The match provided more great thrills than the first test, which Australia won by 70 runs.

## Two Lightly-Clothed Girls Missing On Mountain

VANCOUVER, Dec. 22.—(CP)—In a blinding snowstorm, police and volunteer searchers today sought two missing girls of Mount Baker.

The hunt for Marilyn Long, 15, and her 12-year-old sister, Frieda Neufeld, is directed by a group of RCMP officers.

Neufeld, the girls have been missing since about noon yesterday, when they disappeared from a Sunday school hiking party near the 5,000-foot level of the mountain.

## HE WAS ALSO ONE

## Millionaire Oilman 'Furious' As Daughter Weds Poor Boy

By JACK GATES

HOUSTON, Tex., Dec. 22.—(UP)—Millionaire oilman Glen McCarthy was reported to be "furious" today over the marriage of his 21-year-old daughter to a cowboy's son.

McCarthy, whose fortune has been reckoned at \$200,000,000, was a poor boy himself when he eloped 20 years ago with the daughter of an oil millionaire.

However, he curiously refused comment yesterday when his daughter, Glenise, was married to 39-year-old George Pontikes, sophomore football player at Rice Institute.

McCarthy's riches include vast oil holdings, refineries, a 600-acre mansion and the swank New Orleans hotel he owns at a loss for years.

Young Pontikes and Miss McCarthy were escorted by friends as they left for the wedding at 11:30 a.m. at Lamar High School, which was still living with the family. However, was reported she spent Christmas Day at the Pontikes residence, a small house on a hill near the 5,000-foot level of the mountain.

Pontikes, the boy's father, lost \$100,000 in the stock market last year. He was 23 and his bride was 16, the daughter of a multi-millionaire oilman W. E. Lee.

Legend has it that McCarthy moved his bride into a 15-room apartment and never to become as rich as the Lees. Three years later, he had made the mistake of marrying an old and ordered the \$200,000 mansion built.

## NEW MINISTER SWORN IN

TENTH MEMBER of Premier E. C. Manning's Social Credit cabinet was added this morning when Hon. Gordon Taylor was appointed railways and telephones minister and acting public works minister. Forty-year-old RCAF veteran is only bachelor member of Alberta cabinet.

## Gordon Taylor Appointed Railways, Phones Minister

Alberta has a new cabinet minister today. He is Gordon Taylor, Social Credit MLA for Drumheller constituency, sworn in this morning as minister of railways and telephones.

He will also be acting minister of public works. Both portfolios were previously held by Hon. D. B. MacMillan, who is still in hospital after suffering a heart attack Nov. 12.

Premier Manning said Mr. MacMillan will continue as minister of public works. The premier is hopeful that Mr. MacMillan will be able to resume full time duties as public works minister.

NEW WHIP  
Mr. Taylor has been whip of the Social Credit party since 1943 and his appointment as railways and telephones minister will necessitate appointment of a new whip before the Feb. 21 session.

L. C. Haiman, member for Warner, and F. C. Colborne, member for Calgary, are rumored as likely choices.

The premier and all cabinet ministers accept Mr. MacMillan as the official ceremony at the office of Lt.-Gov. J. B. Bowen this morning when Mr. Taylor took the oath of office.

The new minister is 40 years of age. He was born in Calgary, and educated in Drumheller.

ACTIVE IN DRAMA  
He is president of Local 29 of the Alberta Teachers' Association. Mr. Taylor enlisted in the RCAF air crew in 1942 and served overseas until his discharge in 1945. He is engaged in the real estate and insurance business in Drumheller.

## 'Ex' Kept Out of Red By Sports

Fair Association Finishes \$23,169 Ahead for Year

Sports events kept the Edmonton Exhibition Association out of the red in the fiscal year 1950.

According to the association's annual report prepared for presentation at the annual meeting of shareholders today a profit of \$23,169 will be entered into the books as of Oct. 31, this year.

The profit brings the association's accumulated cash surplus to \$48,117 and was chalked up through profitable sport spectacles and despite losses on three spring and fall cattle and horse shows and a \$9,175 loss on operation of buildings and grounds.

Biggest quota to the city was derived from the Summer Exhibition which rolled up a profit of \$9,000 after the largest attendance on record—30,241—passed through the gates.

## 1,350,000 Enemy Troops are Poised

By Glen Clements

TOKYO, Dec. 27.—(AP)—Gen. MacArthur's headquarters said today that more than 1,350,000 Chinese "milit" troops are poised to strike at United Nations forces in Korea.

Light attacks were beaten off along a 50-mile mid-section but the Reds still held off their threatened second invasion of South Korea with their vast tide of manpower.

MacArthur estimated that 441,000 Reds are deployed along the front stretching across the peninsula south of parallel 38. He reported 277,173 of these troops are Chinese and the rest are North Koreans.

Nearly 1,000,000 others, he said, are either en route to the front or in reserve in the forefront of the expected assault is a revamped Red Korean army of 31 divisions and three brigades. Eleven of the divisions were identified during the last 12 days as their patrols probed the allied defense positions.

Many of the new North Korean divisions are believed comprised of newly-trained troops. Headquarters said as many as 120,000 Koreans were reported in training in Manchuria. Headquarters added:

"The enemy has the capability of planning additional operations during the winter months. North Korean divisions in the field in the very near future."

ALLIES PLAN FIGHT  
The new allied plan in Korea set the motto for the fight, Lt.-Gen. Matthew B. Ridgway, US President Syngman Rhee of South Korea for the first time and said:

"I aim to stay."

His remark, coupled with redeployment of the 105,000-man U.S. IX Corps in southern Korea and regrouping of U.S. Eighth Army troops all along the 150-mile border, gave meaning to the statement that the allies intend to make a strong fight for South Korea.

Chinese and Red Korean patrols probed recently for soft spots along the 150-mile border. That is a customary Communist practice to battle.

SEE MASS DRIVES  
Military sources said the Reds, when they hit, likely will throw massed thousands into battle as they did in North Korea. There they crushed by sheer weight of numbers in an all-out offensive and turned the U.S. Eighth Army back before the road into South Korea.

Now the Eighth Army, including its British, South Korean and other units, is strong along the mountainous defensive terrain fronting and parallel 38 border.

Sharp valleys and broken mountain terrain stretch along the border. Before the war erupted, the battalions' sole remaining administrative task before confronting battle preparation was to reduce its kit to the barest essentials, leaving in a rowe depot any gear not required.

Then the Canadians will get down to serious training on a program stressing night operations. Certain members of the 34th-man advance party will remain with the 1,000 members of the battalion after the rest of the advance party leaves Korea.

However the bulk of the advance party will fall for home probably within a month, the army said in Ottawa today.

This was considered virtual proof that the army no longer expects to be in Korea for a long time.

It was unlikely that any sizable force of Chinese or Red Koreans could launch a southward drive without being hit hard.

## U.S. Communist Party Lacking Convention Hall

NEW YORK, Dec. 27.—(UPI)—The 15th national convention of the American Communist party began today with rallies in Harlem, the Bronx and Brooklyn.

The Communist had no convention hall, but the party was notified yesterday that the hall had been hired in Brooklyn was not available.

A party spokesman said efforts were being made to find a new place to hold the general sessions.

# 1951 Peace Seen In Europe By French Fortune Tellers

By RENE BALBAUD

Exclusive to Bulletin

PARIS, Dec. 27.—(AP)—French fortune tellers peered into the crystal ball today for a preview of 1951 and came up with a picture of peace and good will.

Some of the people happy about the picture were:

Crimes, governmental crises, democratic strikes, floods spreading war in Asia and a mysterious new disease will plague the world.

A panel of prophets including the famous fortune teller, "The Wizard of the East," predicted the outbreak of World War II for September, 1951, a year ahead of time, agreed on one thing.

In agreement

There will be no war in Europe in 1951, but the fall in the Korean fighting will be followed by grave dangers for the United Nations.

Fortune tellers predicted the outbreak of World War II for September, 1951, a year ahead of time, agreed on one thing.

Nadine Orion warned "watch out for Yugoslavia—it will become the Korea of Europe" and trouble due to the Balkans.

A face-averaging agreement will save face about Germany, she hinted, and South America will bring along with North America.

In Brazil politics will force social reforms but Communism will be rejected.

Surgery will make great strides but no cure will be found for the "strange new disease" she predicted will afflict medical science next year.

The others painted an equally gloomy picture for the year to come.

LONDON, Dec. 27.—(UPI)—The Glasgow Herald reported jubilantly today that England's stolen coronation stone had arrived safely in Scotland. But police doubted it.

The historic 400-pound Stone of Scone, on which English monarchs have been crowned for 600 years, was ripped from the coronation chair in Westminster Abbey and hauled away on a Christmas morning.

The Scottish newspaper headlined its edition today, "The stone is back!" It said that an anonymous man telephoned last night, described himself as a constable, and reported the stone was "safely in Scotland."

There was a shift to the stone at the time when the stone was being moved from the coronation chair to the stone of Scone.

Attack Pressed On French Fort By Communists

HANOI, Indo-China, Dec. 27.—(Reuters)—Communist forces in Indo-China pressed their attack for the third day on Binhluen, one of the few remaining French forts in the Chinese frontier area.

Local reinforcements are believed to have been sent to the relief of the Binhluen garrison.

As the attack on the frontier fort continued, a French army spokesman said there were no reports from Binhluen that the Chinese "any new threatening Chinese troop concentrations" near the border.

About two Chinese Communist divisions were believed to be in the area, he said, but they were not believed to be in the area.

## 3 Edmonton Men Receive New Award

Eleven members of Western Army Command have been awarded the Canadian Forces Decoration in the Department of National Defence's December award list.

The Canadian Forces Decoration is a newly established decoration and is awarded to those members completing 25 years of continuous service.

Three active force members in Edmonton will receive the decoration.

They are: Capt. Charles Jessop, Signal Corps, stationed with the North West Territories and Yukon Radio System at Coldair; Capt. William D. Lyons, Army Pay Corps, Western Command headquarters; and Sgt. Richard S. Watts, Signal Corps, also stationed at Coldair.

Two Calgary men, Lt.-Col. Arthur G. Chubb, DSO, and Sgt. Sydney P. Barker, Lord Strathcona Horse, have also received the decoration.

The other six to receive the award are stationed at Vancouver, Chilliwack and Whitehorse.

Engineer Dies

NEW YORK, Dec. 27.—(AP)—William H. Buell, 78-year-old chemical engineer who developed the 30-caliber tracer for the allies in the First World War, died Sunday.

# Eggs Price Goes Down Five Cents

Eggs dropped five cents a dozen in Edmonton today, in line with last week's major decrease in eastern Canada.

Grade A fresh eggs are wholesaling today at 55 cents for bulk, and 58 cents for cartons.

Eggs dropped as much as ten cents a dozen in Montreal and other eastern cities a week ago.

Similar decrease was delayed here by a shortage of Grade A fresh eggs, but a seasonal increase in supply is now being felt, poultry officials here state.

Edmonton's contributions to Calgary on opening of Cowtown's new stadium were extended last week by Acting Mayor Bill Hawrelak to Mayor Don Mackay.

A congratulatory telegram from the citizens of Edmonton to the crowd assembled for the Stampede arrived here.

Whereabouts of Walter Link, about 55 years of age, who emigrated from Berlin, Germany, in 1928, was sought in a letter received by Acting Mayor Bill Hawrelak.

Mr. Link is known to have lived and in Calgary.

The inquiry came from Erich Mickle, in the British sector of Berlin. Anyone knowing or having information regarding Mr. Link is asked to contact Acting Mayor Bill Hawrelak at the Civic Block.

Report of the many possibilities of Alberta's vast oil and resources near McMurray has been completed by S. M. Blair, minister of provincial government to study many possibilities.

His report, now filed with Hon. Dr. J. L. Robinson, minister of provincial government, is subject to some modifications, the minister said. It will be studied shortly by the Alberta cabinet.

Decision as to whether or not export of Alberta's natural gas will be allowed by the government is not expected before the first of the year.

Hon. N. E. Tanner, mines minister, said today an announcement will likely be made about Jan. 12.

## Oliver Farm Manager Dies

Funeral service will be held in Lethbridge tomorrow for W. D. Gentlemen, former farm manager of the Oliver Institutional farm near Edmonton.

Mr. Gentlemen, who was recently appointed manager of Clarence Stock farm at Vauxhall, Alberta, died Sunday in Lethbridge.

He had also been employed by the Dominion department of agriculture and served as district agent for the provincial department of agriculture.

Surviving are his wife and four children.

## Morale Remains Good With Korean Forces

(Reinman Morin, a veteran of many special assignments for the Associated Press and correspondent in two wars, has just returned from four months in Japan and Korea. He told AP chief of bureau in Tokyo before the Second World War and knows the Orient thoroughly.—Editor.)

NEW YORK, Dec. 27.—(AP)—A clear-cut military victory in Korea is out of the question now, for sheer lack of numbers, but the net results of a heart-breaking campaign are better than they appear.

Perhaps they are more apparent on the other side of the Pacific than on this side.

On the other side of the Pacific, morale of United Nations troops is good in neither Korea nor Japan is there any pessimism or despair.

The soldiers are simply mad. They had won their victory. And then, in late November, it was snatched away, not by better men with better weapons or better leadership, but simply by sheer numbers.

Today the only prospect is for a slow, grinding retreat down the length of Korea. Possibly the Allies may be driven off the peninsula entirely. That depends on how many of their best divisions the Chinese have decided to spend. The cost of such a campaign to the Chinese would be enormous, but political and military odds favor it.

Generalissimo Chiang Kai-shek cannot furnish the necessary divisions to counterbalance Chinese and Korean numbers. Therefore it may be necessary to pull in out of Korea entirely, although may become a necessity.

KOREANS KNOW  
The Koreans north of South-west their independence. After 40 years of Japanese occupation, they will not willingly accept a Chinese master. They know that the Chinese program is to make Korea a vast state.

So the war will not end for the UN army is forced to evacuate Korea. The pressure will continue from sea and air, and eventually "twisted" traffic didn't bother us," said the spokesman.

The Chow, or Chovchow, dog of China has white blue or black tongues and lips.

THE CHOW, OR CHOVCHOW, DOG OF CHINA HAS WHITE BLUE OR BLACK TONGUES AND LIPS.

RELAXING SHORTLY before opening today of four-day Student Christian Movement conference, four delegates engage in conversation at Athabasca hall, University of Alberta. They are (front row, from left): Marion Rose, Winnipeg; and Jack Stiles, burned to the ground. The occupants lost all their belongings except the clothing on their backs.

## Session Opens In Lethbridge Of Tuxis Boys' Parliament

### FAMILY OF EIGHT HOMELESS IN FIRE

A family of eight was homeless today following a fire which destroyed their house last night at Alberta Beach, 45 miles northwest of Edmonton.

The four-story frame building of Mr. and Mrs. Jack Stiles was burned to the ground. The occupants lost all their belongings except the clothing on their backs.

The husband, a one-armed veteran, said his wife was expecting their seventh child.

## Two Districts to Get New County System

Alberta's new county system will operate in two districts in 1961 rather than in the maximum of four prescribed under the County Act.

Hon. C. E. Gerhart, municipal affairs minister, said today that since the changeover to the county system of local government must take place at the beginning of the year only Vulcan and Grande Prairie districts will be established as counties in 1961.

Resolutions seeking establishment of the new system of local government have been received from school boards or municipal councils in several other Alberta districts recently.

## Phone Calls Break Record

A new all-time record number of long distance telephone calls was completed over Christmas by the Edmonton telephone exchange.

A provincial government system spokesman said today that while no difficulty was experienced in handling all calls to Alberta points, delays of from six hours to all day were encountered with calls to British Columbia and eastern Canada.

Special circuits and extra staff are available on both Christmas and New Year's, not only here but all over the continent.

"But exchanges everywhere are in the same boat—they get swamped with what has become an institution, that holiday phone call," he said.

A total of 1303 calls outside Alberta were completed over Christmas. Two of the four overseas calls placed were completed.

Last year, 597 calls outside Alberta were completed.

Storm trouble in eastern Canada and the western United States delayed calls to those regions considerably. No trouble was experienced with lines in Alberta, and "twisted" traffic didn't bother us," said the spokesman.

The Chow, or Chovchow, dog of China has white blue or black tongues and lips.

## Seized Dog Given Trip To Toronto

Ranger, the big black Labrador dog seized recently to pay for his own dog food, left today on his way to Toronto.

The famous dog, who came to dinner, and whose master allegedly failed to pay the bill has been taken over by General Foods Ltd. in the Ontario city.

The firm charged that E. B. Freedland, 1000-15 street, failed to pay a dog food bill and had Ranger seized by Sheriff A. Simpson, K.C., two months ago.

The dog failed to bring the asking price at a sheriff's auction two weeks ago.

The firm then decided to have the dog shipped East as settlement on the claim.

Ranger is a purebred, Sheriff Simpson said. He is registered as Sun Dual Raven, and the papers have been sent along to Toronto.

## Pioneer Woman Of White Mud Dies In City

A resident in the Edmonton district died last night at her home, Mrs. Agnes Annette Bhagat, 75, of White Mud Road, died Saturday.

Mrs. Bhagat, widow of the late Patrick James Bhagat, who was farming in the district, was born in New Westminster, B.C., and moved to Alberta in 1885.

She had lived in the district since Mrs. Bhagat is survived by five daughters: Mrs. Aileen Blinzie Brown, Clarkson Valley; Mrs. Anne Hoyle, Mrs. Bertha Maclellan and Mrs. Ellen Broad, all of Edmonton; Mrs. Olive Sulder, Portland, Ore.; and Mrs. Thomas, of Rabbit Hill; three sons and two brothers.

Funeral services will be held Saturday, 3 p.m., at Holy Trinity church, Rev. Canon W. M. Manning will officiate. Burial will be in Mount Pleasant cemetery.

The government is planning to introduce a code of beliefs for the Tuxis Boys' Parliament. It intends to bring the parliamentary handbook up to date. The practice of conferring honorary life memberships by resolution of parliament will be revised.

The premier is Harold Hnatuk of Thorne Hills, while Stuart Munro of Calgary is leader of the opposition. Don Andrews of Lethbridge was elected speaker, Deputy premier is Donald Hetherington of Thorne Hills.

NON-PARTY BASIS  
The parliament is operated on a non-party basis, with members of the opposition having a part in drafting the agenda for the session. The cabinet is formed from the government while a slate of 100 members is formed from the opposition benches.

Those forming the cabinet at the present session are Premier Hnatuk; John Patterson, Lethbridge, minister of public works; David Howard, Lethbridge, assistant minister of public works; Robert Wright, Lacombe, minister of devolution affairs; Harold Nix, Edmonton, provincial secretary; Don Hetherington, Don Robertson, Didsbury, minister of promotion; Don Gillette, Didsbury, minister of intellectual affairs.

Directors among the opposition members are Opposition Leader Munro; George Harris, Calgary, publications; David Gregg, Calgary, finance; Hugh Lawford, Edmonton, foreign relations; Peter Neudorfer, Vegreville, physical affairs; John Williams, Edmonton, finance; and John Cashore, Lethbridge, assistant director of finance.

Adorable fashions for New Year's festivities and the thrilling social events of the new year right on through the winter months.

Stylish with the very sleek line usually followed by young moderns. The silhouette is enlivened with insets, aprons, drapes, flares, etc.

You will also like the festive trappings of taffeta, the buoyant buoyancy of tulle and lovely new jingles of velvet and sheer shades on lace. Many styles to choose from in sizes 10 to 20. A few half sizes.

## Week-End Offences Bring 34 to Court

### Four Convictions Meted Out For Dangerous Driving

Aftermath of the long Christmas weekend found 34 in police court this morning charged with liquor and serious traffic offences.

Four convictions for dangerous driving were meted out and six motorists were remanded on drunken driving and dangerous driving charges.

Fifteen revellers were given a cut rate for being found intoxicated over the weekend. Magistrate S. G. Main imposed \$15 fines on each, 15 below his usual rate. Eight others forfeited bail when they failed to appear.

His third dangerous driving conviction in two years brought a six weeks' prison term to a driver, Blair, 1000-102 street. Formerly he had received the usual penalty of \$40 and \$50.

According to Constable Rod MacDonald, Blair had been drinking "considerably" before an accident he was involved in last night at 101 street and 115 avenue. While over the centre line on 101 street, Blair's car was in collision with another travelling in the opposite direction, said the constable.

NO COLLISION  
In one of the four dangerous driving cases in which no accident resulted, Donald McMillan, 1003-127 street, pleaded guilty to the charge and was fined \$35.

Constable Johnny Reid gave evidence that McMillan was speeding down 97 street about 5:30 p.m. last night, passing numerous cars and narrowly missing one. A witness while driving over the centre line. His windows were "very frosty" and the witness had only a ten-inch wide clear space, said the constable.

Prosecutor Guy Beaudry urged that this type of driving should be stopped.

Dynamic Rocks City in Nevada  
ELY, Nev., Dec. 27.—(AP)—A thunder blast shook the eastern Nevada city last Christmas night and shattered thousands of dollars worth of window glass.

Police reported the blast came from a hill overlooking the town. Officers haven't figured out the cause of the explosion.

# The Community Leagues

The new policy formulated by the city commissioners with regard to land held by Edmonton's 30 active community leagues should not be carried to a point where it could conceivably embarrass the work of those community leagues.

It has been the practice to lease areas of land, of varying sizes, to the community leagues for the erection of buildings, rinks, bowling greens, etc., useful to the cultivation of the community spirit.

All these leases lapsed at the end of 1949 and have not been renewed. Now the commissioners propose that the leagues be given only adjacent to school sites, that this property should be retained by the parks department and that part of it

be allocated to the use of the recreation commission.

The commissioners explain that this new policy is laid down so that community leagues will not hold large tracts which "they cannot properly maintain."

From the standpoint of civic economy, this arrangement may have much to commend it.

But nothing in the arrangement should circumscribe the work of the leagues which should and undoubtedly do understand the social needs of their own sections much better than any general body can do.

The 30 active community leagues of Edmonton are among the city's most valuable civic assets. Their requirements, at all times, should be accorded a high priority.

# Christmas Windows Were Excellent

Edmonton people will long remember the imagination, artistry and care that were expended upon the Christmas decorations in the windows of the stores this season.

Nowhere in America would one find seasonable window dressing more tastefully and appropriately selected than in Edmonton.

From the larger department stores, with their interesting settings illustrating fairy tales, Charles Dickens' immortal Christmas Carol, and intimate glimpses into the life of Santa Claus, to the smaller specialty shops, the window displays were intelligently conceived, not only with the purpose of selling merchandise, but with

the idea of stimulating the spirit and gaiety of Christmas.

There was no attempt this year to rush the season.

The special Christmas displays, in most instances, were not put on view so early as to become stale before the season itself had arrived.

Store managers are to be congratulated this year, also, upon a similar restraint in the matter of window displays.

Upon previous occasions there has been a tendency to bare these out days and sometimes weeks before Christmas. There was no such mistake made this year.

Thus the stores, large and small, contributed in no small degree to the happy Christmas of 1950.

# Taxi Operators' Strange Obsession

The bylaws committee of the city council has done well to peremptorily reject the demand of Edmonton taxi operators that they be given power to instruct city commissioners and the licence department on all matters pertaining to the business of taxiing.

It has done well to reject the demand that new taxi offices be forbidden to locate less than 500 feet from established downtown taxi offices and less than 2500 feet from existing offices in suburban districts.

With respect to the latter demand, the taxi operators should know that the city council has no right, even if it had the will, to interfere with the normal hazards of competition.

Wholesome competition is the only factor that gives the public a decent break

in any line of business. And if the taxi operators were protected from competition, it would be only fair to exercise the same protection for every business in the city.

In that case, haberdasheries and dress shops and newsstands and department stores would soon be getting shielded around like the pawns on a chessboard.

With the respect to the first demand, it is completely unnecessary.

In requesting supreme powers for the taxi control board, it would put a part in the position of governing the whole.

In brief, the wedge is a small and relatively unimportant board greater authority than the officials from whom it derives its authority.

These demands come very close to imperfection.

# More Homes for Elderly People

Just a day or so before Christmas, an elderly man, "without visible means of support," was sentenced to four months in Fort Saskatchewan because he had no place to live.

His conviction on a vagrancy charge was no symbol of an outraged society raising up in wrath against an evil-doer.

This man was sentenced because he was a ramshackle shelter on the river bank, made of cardboard, became too cold for habitation. And apartment and rooming house managers tried of finding him sleeping on a gummy sack in their hallways.

It is a dreadful commentary on our civilization that when a man becomes too old to work, the only place we can find for him is a cell in a penal institution.

A few religious bodies have established and operate excellent homes for the aged. But these are insufficient to accommodate impoverished elderly persons found in the doorways and under the bridges in every large city.

The old age pension is supposed to

take care of the financial needs of old people. But even if the pension were sufficient for this purpose, which it is not, there would always be a certain number of elderly people who are unable to take care of themselves.

It is a sad commentary on the state of affairs in this country that, in the case of the elderly, there is the ignominy of being looked up in jail for no other offense than that of having lived too long.

It is a shameful and shameful for the state to pay bonuses to babies and throw old men into prison. It is rather absurd to subsidize a juvenile delinquent coming into the world and to penalize that same soul for oversteering its welcome.

Somewhere between the old almshouses of England or the old poorhouses of the United States and a place in the family chimney corner, there must be some kind of an institution the state could establish where old men and old women could finish their courses without shame and privation.

# Yugoslav Regime Remains Unruffled In Far East Crisis

The Yugoslav Communist regime has remained unruffled during the heightening international crisis.

Marshal Tito and top men of his anti-Russian cadre were seen at close range in the last few weeks by the Western press in Belgrade and gave a marked impression of calm nerves and solidarity.

While the Balkans were shoved off the stage for the time being by war in the Orient, a timely opportunity was provided for Yugoslavia to elaborate its position.

The occasion was the large annual reception of the Belgrade Communist Presidium held in the former royal palace on Marshal Tito Street.

The Yugoslav Communist regime is well known for its head-pounding at the very head of the most Unionist list of hated enemies.

The occasion was the large annual reception of the Belgrade Communist Presidium held in the former royal palace on Marshal Tito Street.

The Yugoslav Communist regime is well known for its head-pounding at the very head of the most Unionist list of hated enemies.

the tone of the event this year was almost friendly.

Tito was in undampened spirits despite the threat of world war. He wore a gold-braided marshal's uniform. With him were seven members of his hitherto political circle (the only one missing was Edvard Kardelj, former minister of war who was abroad) and about 30 generals of the Yugoslav army.

One of the guests of honor was the Yugoslav Minister of Foreign Affairs, Alexander Rankovic, who was accompanied by a number of more aggressive senior police chiefs in Balkan history.

Most Feared

In Yugoslavia, the most feared man in Yugoslavia, he holds the rank of general but he wore a dark civilian uniform. He did not mingle with the Westerners.

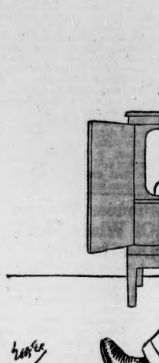

Also present was Col. Gen. Josip Broz, the former minister of the Yugoslav Communist Staff, a Communist of bourgeois origin, formerly destroyed by a German war machine, he was dived by some of the tall Montenegrin generals under his command.

After years of inaccessibility he has recently shown signs of more willingness to talk to the Westerners. Diplomats sought to draw the Yugoslav into conversation about Communist China and the menace of world war. The more-inclusive standard reply was that it was a matter of time before the twentieth anniversary of the founding of this people's government in the Nazi-occupied territory of Bosnia—and that it was not a day to talk about serious things.

## Wisdom of Dropping A-Bomb On Chinese Cities Questioned

Vancouver Sun writers suggest that if the Chinese are to be expelled the UN forces from all Korea, the U.S. should atom bomb the Chinese cities and not the people the enemy to make peace.

We hold the stronger hand." The Sun editors argue—why not use it?

I do not contest the moral of the argument. But I do challenge it as a military wisdom.

Let me have the effect that The Sun editors think it would have. I think it would have the opposite effect. I do not think it would be to plunge the whole of mankind into world war.

I cannot see any moral difference between the use of one bomb, which would kill 100,000 men, women and children—civilians more than military—and the use of 100 1000 bombs which do the same job by itself.

War Itself Is The Crime

When the Christian nations once condone the immorality of waging war against whole populations, we get the stage for the use of atom bombs, land-based missiles and every other killing device that the human brain can devise.

It is war itself that is the crime—and so long as human beings are the inventors of war, we lack of world law, we will get wars, each bigger and worse.

It is war itself that is the crime—and so long as human beings are the inventors of war, we lack of world law, we will get wars, each bigger and worse.

It is war itself that is the crime—and so long as human beings are the inventors of war, we lack of world law, we will get wars, each bigger and worse.

# Letters to the Editor

## Against A-Bomb

Editor, Bulletin.—To use the A-bomb new could help stem the debate in Korea, but it would start a chain reaction that would play into the hands of the Russians.

Their armies are poised in Eastern Germany ready to crash over Western Europe, and the Red leaders are waiting for an excuse to give them the green light. The use of the bomb in Korea or China would be the excuse. It is far more important to us than the Far East.

We should strive to have 40 to 50 divisions in Europe by this spring. Even if they were only partly trained, their presence there, coupled with our possession of the A-bomb, would be a deterrent to our would-be enemies and would gain us some valuable time to prepare our own means, fair and foul, to defeat us. We should be ready to use every weapon at our disposal in the event of a surprise attack.

As for the objections some people would raise on the use of the bomb, I would like to point out that there were no objections raised when we carried out the fire raids on Tokyo. Yet they were far more destructive of the lives of the civilian population than the atomic bombs were on Nagasaki and Hiroshima.

The people of this country really will not agree to subsidize the lives of the enemy population with the lives of their own soldiers.

G. A. L.

## Who's Right

Editor, Bulletin.—In his "Back to the Bible" talks, I note that the Premier of Alberta condones the idea of "World Government" with a "World Police Force" as entirely "Hippocratic or Worms."

Now my picture of world progress is toward wider and wider human unity till mankind becomes one family. It has seemed to me that that was the teaching of Jesus. He does not want the world to be divided as it is today into differing camps threatening one another with war or enmity. He wants a higher unity than that of the "World Government" which is a mere cloak for the selfish interests of the few.

That is the teaching of Jesus. He does not want the world to be divided as it is today into differing camps threatening one another with war or enmity. He wants a higher unity than that of the "World Government" which is a mere cloak for the selfish interests of the few.

## Cost Of Living

Editor, Bulletin.—The Labor Unions of Canada have now banded themselves together to fight for the continuation of the raising cost of living. This should be an inspiration to the rest of us who have no union many like myself in the \$2,000 or less class and are finding it utterly impossible to live decently these days. Now is the time to get after the members of parliament for your constituents.

The condition of the world today is a bit as serious as it has ever been, and no doubt our government at Ottawa will be called for our sons, and rightly so after all, in this emergency. But does it not consider that the raising of the cost of living is a relief to the people of the people by putting back the money that has been taken out of their pockets? How can one pay more for taxes all around. Take the case of where I reside in Verdun. It is no wonder we are so poor. We are mostly working folk, probably earning little more than the month for a house of four rooms or I should say four orange boxes. How can one pay more for the rent controls are taken off. I would ask Mr. Abbott to consider the people who are not in the rent controls. If he does, I'm certain his party will suffer for it.

Like many thousands we had three boys in the last war, and now we have to pay more for it any too well. If the Government wishes to have the sons of the people go back to school, which at this moment looks more than possible, then the first thing they should do is to help the people who provide the soldiers by again putting on the controls just as stiff as they were before the war. It is all a fighting chance to live and not just exist.

OLD SOLDIER

## Grande Prairie Cause Of Fear

Editor, Bulletin.—Only the ignorant fear Communism. Give the people the opportunity to know the truth with cleanliness, play, work rest, food, warmth and love of mind, soul and body, as much as the national wealth will make it possible, and Communism will die for it feeds on unemployment, hunger, poverty, uncleanness, and despair.

It is a pity that we have a tool would try and cure a sickness by spreading it. Communism is a disease that is exactly what is being done now.

SOCIALIST

## Today's Text

Master, where dwellest thou? Come and see.—St. John 1:38-39

## THE DOCTOR SAYS

### Don't Banish Tonsils Without Good Reason

Whether to take the tonsils out or leave them is a question faced every year by thousands of parents and doctors. Each time the problem is a little different, but there is a principle that is always the same.

"We have a little girl who will soon be three years old. She has acute tonsillitis. The tonsils that surround the throat are so inflamed that she cannot swallow. She has had one attack of this kind in the last year and right now she has some fever and she is taking the tonsils out will help and others will not. What shall we do?"

"This is indeed a tough problem. It certainly isn't as though that little girl's troubles came from her tonsils. But she is young and she is taking the tonsils out will help and others will not. What shall we do?"

It is true, too, that no one can be sure that her group would not get worse rather than better. Of course I cannot answer the question because that can be decided only by the parents and the doctor who are familiar with all the details of the case. It is up to the child's best, for example.

## Fire Would Be Alienated

It would alienate all Asia, including India. Nehru himself has said that the invasion of China by the atom bomb would be a disaster. It would alienate all Asia, including India. Nehru himself has said that the invasion of China by the atom bomb would be a disaster. It would alienate all Asia, including India. Nehru himself has said that the invasion of China by the atom bomb would be a disaster.

## OFF THE HIGHWAY

### Chinese Bring Own Kind of War to Korea

The American war machine faces a brand new type of enemy in the Chinese now fighting in Korea—horrible and unorthodox guerrilla tactics. The present setbacks have come largely from American and Chinese guerrilla tactics. The present setbacks have come largely from American and Chinese guerrilla tactics.

## on the TO....

Jack DeLong will resume his column tomorrow.

## Industrial Board Revival Is Sought

Edmonton Chamber of Commerce will again attempt to inject life into the city's industrial development board at tonight's city council meeting.

"They will submit a letter offering to name board representatives for 1961 only on condition that they be given assurance that the board will carry out its proper functions regularly."

When the 1960 board was appointed, all three aldermanic nominees strenuously objected to being members unless the board started to function. No meetings had been held the previous year, they said, and their names were listed on the current body only after assurance that it would come to life.

**CITY MEMBERS**  
Aldermen Sid Hawgood, W. Jaworski and K. L. Lawson are listed as council's 1960 representatives, while C. E. Gurnell, J. A. Tupper and B. W. Pittfield are members of Commerce representatives. Carl Berg represents Edmonton Trades and Labor Council, and G. W. Caplan, the city's industrial commissioner, is secretary. No chairman has been appointed.

## John Cooper Appointed NAR Chief

John F. Cooper, general superintendent of the Alberta district, Canadian National Railways, will become general manager of the Northern Alberta Railways on Jan. 1.

Official announcement of Cooper's appointment was granted here today by D. I. Grant, K.C., secretary of the company.

Cooper will succeed J. M. MacArthur, who is retiring under the pension rules of the company.

Cooper was born at Aberdeen, Scotland, in 1899. He entered the service of the CNR as a clerk in the audit department at Winnipeg in September, 1917.

**WAR SERVICE**  
He served in the Canadian armed forces in World War I and on demobilization in 1920 joined the engineering department of the Portage division as a draftsman.

Between 1930 and 1942 he was roadmaster on the Portage-Brandon division and was appointed assistant superintendent at Brandon in 1942.

Two years later he moved to Medicine Hat in the same capacity and in 1946 he was named superintendent of the Port Arthur division.

He was made general superintendent yesterday in October, 1947, and appointed general superintendent of the Alberta district in 1948.

He will continue to have his headquarters at Edmonton.

## Three Members Of Family Die

ASHVILLE, N.C., Dec. 27.—(AP)—Three members of a family were shot to death yesterday and two others were wounded. The sheriff's department here said that in the evidence it had gathered in a continuing investigation of the assassination of Dr. Martin Luther King, a highway worker.

Dead were Sheldon's stepson, mother-in-law and brother-in-law. Sheldon, head of an open charge of murder, also himself in an apparent suicide attempt after the others had been shot.

## U.S. Prisoners Said Moved To Rear Area

SAN FRANCISCO, Dec. 27.—(AP)—The Peiping Communist government yesterday reported that 112 American Marines and infantrymen, captured in the Chinglin reservoir area, had been "removed to the rear" from Northeast Korea.

Fifty of the captives, said to be "protected" by the Chinese, were taken to the rear of the front line, and the 11th Infantry Division, said the report, heard by the Associated Press in San Francisco.

## Retired CNR Man Dies at White Rock

HANNA, Dec. 27.—A retired employee of Canadian National Railway, Arthur F. Young, died at his home in White Rock, B.C., Friday, at the age of 71 years.

Mr. Young worked here in the Carriage Dept. for many years. He took an active part in church work and was a member of All Saints Anglican Church here. In 1944 he retired from service and moved to White Rock.

He leaves his wife, Rose; two sons, Robert and Ernest; four daughters, Laura and Dorothy; four grandsons and three granddaughters. Funeral services were held Tuesday afternoon.

SHINY NEW Christmas toboggan got workout yesterday as these six, pink-faced youngsters head their downhill. Throughout city, thousands of happy children are trying out new skates, skis and sleds. Some are gingerly testing new bicycles on slippery streets. Meanwhile, adults are recuperating after hectic rush and building up strength for New Year's.

## Thrill That Comes Once in Lifetime

SHINY NEW Christmas toboggan got workout yesterday as these six, pink-faced youngsters head their downhill. Throughout city, thousands of happy children are trying out new skates, skis and sleds. Some are gingerly testing new bicycles on slippery streets. Meanwhile, adults are recuperating after hectic rush and building up strength for New Year's.

## City Places Conditions On Jasper Place Sewer Request

Jasper Place should be allowed to connect its proposed sanitary sewerage system with Edmonton's under three conditions, city commissioners will recommend to tonight's council meeting.

The village must:

1. Restrict use of its own system to sanitary sewage only. No storm sewers must be connected.
2. Be responsible for cost of connecting its system to the city system of 148 street and 108 avenue.
3. Pay the city an annual rent of \$12 per house connection and a larger fee for other buildings, exact rate to be on a sliding scale.

**SUBJECT TO REVIEW**  
The agreement would be subject to review and modification at five year intervals.

For several months talks have been proceeding between town and city officials, and the town now proposes construction of a \$1,800,000 waterworks and sewerage system.

Edmonton has a 33 inch sewer at 148 avenue and 148 street, which has more than enough capacity to handle sewage from all of Jasper Place which is now subdivided.

The settlement follows a four-point plan announced last week by the city. It said it would not give the town a sewerage system until it had a sewerage system of its own. It also said it would not give the town a sewerage system until it had a sewerage system of its own.

## Hotel Workers Assail Rail Wage Settlement

Charges that the recent government arbitrator's settlement of the national railway wage dispute was "discriminatory" were made in Edmonton rail circles today.

The arbitrator, Mr. Justice R. L. Kellock awarded a further 2.5 per cent increase in wages and a five-day, 40 hour work week with no loss in take home pay to go into effect June 1, for most railway workers.

The settlement follows a four-point plan announced last week by the city. It said it would not give the town a sewerage system until it had a sewerage system of its own. It also said it would not give the town a sewerage system until it had a sewerage system of its own.

## Alta. Pioneer Burned to Death

WINNIPEG, Alta., Dec. 27.—(CP)—Bessie Culbert, 59-year-old pioneer of this southern Alberta district, was burned to death Christmas Day in the home he built two years ago. His faithful wife died beside him.

Mr. Culbert, born in Plainville, Minn., came to this district with his father, the late Samuel James Culbert, in 1908 from St. Cloud, Minn.

Dumfries, Scottish county town associated with Robert Burns, will hold an arts festival in 1961.

## Cultural Activity at Peak In Edmonton During 1960

By MAURY SOWARD  
The arts are keeping pace with Edmonton in its period of greatest growth.

Cultural activity, the measure of a city's maturity, was at a peak in Edmonton in 1960. The city looks even more promising.

The greatest strides will probably be made in music, with a glittering array of concert groups visiting the city. The Edmonton Symphony Orchestra, a rejuvenated Philharmonic Orchestra and a more ambitious Pop concert series.

**EXPANDED**  
This fall, the City of Edmonton expanded both its concert program, scheduling seven on its variety series and nine on its major series. Mr. Ernest M. Gorman, Edmonton manager, said that this ambitious program would be repeated in the 1961-62 season and other concert series might possibly be added.

The 1960-61 season, which started here on Jan. 1, included such names as Kennedy, Bennett, and the Minneapolis Symphony.

A. K. G. Gorman, the city's cultural planning officer for the 1961-62 season, said he had the idea of the quality

scholarship the first recipient being popular conductor Leo Heppner and led the foundation of a musical library for the orchestra. It is a foregone conclusion that the Pop will be bigger and better than the symphony.

Among the names listed were Dorothy Maynor, Helen Traubel, Igor Gordin, William Kapell, Nathan Milstein and Oscar Levant.

**YEARS AHEAD**  
After a year's absence from the local cultural scene, the Edmonton Philharmonic Orchestra will return this February for a series of concerts probably three in number. The orchestra which was originally established on an amateur basis has been reorganized to offer the most professional program possible.

Negotiations have been undertaken with the City and it is likely that the Recreation Commission will be formed in all fields of production.

Producers Robert Orchard and a fine job with the classical French opera "School for Wives" by Moliere. And there are audiences can look forward to similar success in the first part of the New Year when studio theatre will present "The Night of the Count" by the modern Canadian playwright. The person barrier Jean Giraudoux Broadway success "Mad Women Chastity" "Anna Christie" by Eugene O'Neill and "Macbeth."

## New Policy On Leagues Requested

## Change In Property Arrangements Asked

Edmonton aldermen will be asked tonight to chart a new policy course in dealing with land used by the city's 30 active community leagues.

Commissioners will recommend that, instead of leaving large areas to the leagues, they be given actual property required for buildings, rinks, bowling greens, etc., on land adjacent to school sites.

"They think parks and recreational areas adjacent to schools should be retained under the parks department, with the understanding that part of it should be allocated for the Recreation Commission use. Any community leagues desiring to construct buildings, rinks, bowling greens, etc., should only be given actual property required."

**NO ABUSE**  
Commissioners say that neither playgrounds nor recreation facilities should be used for anything other than such purposes as after school hours and during holidays "as long as such privileges are not abused."

"Because of this arrangement we are in a position to give the city in general, however, large tracts which they cannot properly maintain," they add.

## Two Escape In Car-Train Accident

LACMINE, Dec. 27.—A man and a woman narrowly escaped death in a collision between an automobile and a passenger train here yesterday.

Donna L. A. G. O'Brien failed to stop the oncoming train and drove into the back of a heavily loaded passenger train.

The train, a CPR southbound, was stopped by the car.

The woman, riding the car, was thrown from the vehicle and landed on the tracks. She was not seriously injured, however.

The automobile was badly damaged, but O'Brien, who was wearing a seat belt, escaped with only minor injuries.

The accident occurred in the railway yard limits and rail traffic was not delayed.

## 51-Year-Old Woman Takes Her Own Life

The suicide death of Mrs. Pearl O'Brien, 51, of 1445-27 street, was reported last night of police.

Investigating Constable Guy Peterson found the woman lying in a hallway through the chest with a carbine, the bullet going right through the heart.

Her son said Mrs. O'Brien had been depressed and morose of late and was generally in poor condition for the past three years.

## Church Robbed

CALGARY, Dec. 27.—(CP)—Thieves broke into the St. Francis Roman Catholic Church and stole the Christmas collection of \$150.

Rev. Father A. E. Houlahan reported the theft.

The pantomime in one form or another is the most ancient of any form of entertainment.

## Police Probe Mysterious Fires at Funeral Home

LETHBRIDGE, Dec. 27.—(CP)—After the first fire, a second broke out in the funeral home, causing extensive damage to Christmas decorations and furniture.

The third fire was discovered in the garage early Sunday. The front end of the house was damaged.

The funeral home's storage room, containing the firm's entire stock of caskets, was destroyed in the fire. The cause of the fire is being investigated by the police and the fire commission's office.

EDMONTON BULLETIN, Wednesday, Dec. 27, 1950 13

## Social and Personal

### Sunday a Bright Night for Scots

Skill of the bagpipers will herald Highland dancers at Grand Hogmanay Rally to be held in IOOF hall, 95 street Sunday.

Sponsored by Orkney, Shetland and Caithness Society program will include entertainment by soloists Mrs. Alex Thompson, Mrs. Shirley Ford, Roy Miller and Jack Jones—violinist Archie Bickan and pianist Miss Irene Bullock.

Fun and frolic will start at midnight with dressing in of New Year.

Dancers are Margaret and Sandra Park, Margaret and Beverly Robson and Jack Stout.

Jack Stout Sr. will accompany them on the pipes.

Arthur B. Millar is in charge of arrangements.

**DOUBLE RING** ceremony in St. Luke's Anglican Church united in marriage Miss Jean Alice Gale and Stanley Ernest Johnson recently. Canon A. Wallis performed double wedding ceremony in which bride's sister Julia was also married. Brides are daughters of Mr. and Mrs. Richard Gale of Edmonton.

**TWO DAUGHTERS** of Mr. and Mrs. Richard Gale became brides in recent double wedding ceremony in St. Luke's Anglican Church. Miss Julia Isabel Gale exchanged rings with Sidney Brian Bellamy, son of Mr. and Mrs. S. C. Bellamy of Mirror. Couple will make their home in Edmonton.

**TWO EDMONTON** families were united recently by the marriage in McDougall United Church of Miss Norah Mayor and Ernest Edward Marritt. Bride is daughter of Mrs. E. Mayor and her husband's son of Mrs. T. A. Marritt. Rev. Wesley Bainbridge performed the ceremony.

**ENTERTAINING** at the home of her parents Mr. and Mrs. Charles P. Ballard of Calgary, Miss Anne Ballard was hostess at tea yesterday.

Miss Doreen Rutan, who is attending University of Alberta was guest of honor.

**FORMER EDMONTONIANS** Mr. and Mrs. T. C. Cleland have taken up residence in Winnipeg.

They are making their home at 245 Wellington Crescent.

**TEN-DAY VISIT** at home is keeping P.H. Cadet Ronald White a busy young man this holiday season.

He arrived at the weekend-end to spend the festive fortnight with his parents Mr. and Mrs. Ronald D. White. He will return to school in London, Ont. after the New Year.

**FROM ONTARIO** arrived P.O. Richard Spillett to spend the holiday week with his parents Mr. and Mrs. R. Spillett.

He will return to Centralia, Wis.

**TRIP TO SUNNY** Jamaica is part of a holiday plan of Mr. and Mrs. A. Fraser Duncan. They expect to leave early in the New Year for St. John, New York, Washington, D.C., and Jamaica.

After three months of leisurely vacationing they will return to their Garneau home in Edmonton.

**SKI SESSION** at Banff will be part of holiday fun for Janet McDougall, Jean Newson and Sydney Ross who left late yesterday for the mountain resort.

**HOLIDAYING HERE** are Mr. and Mrs. Fred Weidman of St. Louis City. They arrived late last week to spend Christmas with Mrs. Weidman's parents, Mr. and Mrs. D. B. Coffin.

**CARILLON** of chiming greeted guests at Christmas reception held recently by Lady Canon of Toronto.

String trio playing Christmas music moved among throngs of guests who included in their number Mrs. M. E. Legate and E. Peter of Edmonton.

**TRADITIONAL** white satin gown Miss Mary Frances (Tony) Antonik for her wedding in St. Catherine's Anglican Church recently to James Cecil Ross. Bride is daughter of Mr. and Mrs. W. Antonik of Edison and her husband is son of Mrs. J. A. Ross and late Mr. Ross of Dublin, Ireland.

**TELEVISION** She now is working on another series of television ballets.

**TO RETURN** "But I intend to return to Canada if it is at all possible. I love it here and am most anxious to help in any way I can."

**THE DANCERS** have been tremendous. "I am performing in a shade too athletic," she said. "I found the poetic element, an essential in ballet, almost completely lacking. I missed this lyric quality."

**DANCERS READY** "In each of the companies in the festival, I saw one or two dancers who are ready to turn professional. They are at an age when they should be dancing or training every day. However, they cannot be expected to improve unless they are given the opportunity."

**"Ballet in Canada** will disintegrate and die and Canada will lose this splendid talent unless something is done. Those with ability and courage will go to England or the United States for the opportunities lacking here."

Miss Frances was commissioned to choreograph "Salome," the first ballet specifically designed for BBC.

**Supper Dance Fills Night With Gaiety**

Holiday festivities included a buffet supper and dance for staffs of Taylor and Pearson Ltd. and CICA.

Party was held recently at the Proscenium ballroom where more than 300 enjoyed the evening's fun.

**Presentation** of service awards were made by Missings McShane and H. E. Neilson.

**BACKACHE?** When your back aches—try a time for Dr. Chase's Kidney-Liver Pills. They'll give you relief from backache, painful joints, urinary troubles, and other ailments. They'll give you relief from backache, painful joints, urinary troubles, and other ailments. They'll give you relief from backache, painful joints, urinary troubles, and other ailments.

### Road to Ill-Health Paved With Sugar Says Dr. A. B. Olson

A Los Angeles doctor says this habit of ours of sugaring so much of the foods we eat—and eating sweets between meals—is "pernicious."

The California physician—Dr. A. B. Olson—says the habit is a menace to health, not so much because of the sugar, but because of what we don't eat because of the sugar.

Olson, writing in the December issue of the national health journal "Life and Health," says we now are eating refined white sugar at the rate of one quarter of a pound a day. He says this high sugar consumption reduces the appetite for wholesome food, and may well start us on the road to a vitamin deficiency. He recommends sweetening foods with honey or natural fruit sugars which supply vitamins with the sweet taste.

**Guides Urged To Add to Friendships**

OTTAWA—(CP)—Friendships are "important," Vice-President Alexander says in his Christmas message to Girl Guides across Canada.

"Remember that your friendships are important," said the wife of the Governor-General, who is honorary president of the Canadian Council, Girl Guides Association.

**MAKING** their home in Anselmo are Mr. and Mrs. Otto Hagman who were married at Mayerthorpe recently.

Bride is former Miss Bessie Currie, daughter of Mr. and Mrs. A. Reynolds of Greenwood. Mr. and Mrs. Herman Hagman, parents of the bridegroom, live in Anselmo.

**Bright Holly at Altar For McKinnie-Short Vows**

Holly wreaths and cedar boughs lent a festive air to the altar of First Baptist church recently when Margaret Jean Short became the bride of Charles Kirk McKinnie.

Baskets of mixed chrysanthemums and carnations added color to the setting, for the ceremony performed by Rev. Edgar Bailey, who was assisted by the bridegroom's uncle Rev. J. E. Kirk.

Daughter of Mr. and Mrs. Robert Short, bride was given in marriage by her father. Bridegroom is son of Mrs. Charles McKinnie of Fort Erie, Ont.

**GIFT OF PEARLS**

Of white satin, the bride's gown was fashioned with full skirt panelled in lace. Sweetheart neckline and flippant sleeves were features of the fitted bodice. Studied with level prairie, satin headpiece held her chapel veil of French illusion.

Her jewelry, a single strand of pearls and matching earrings were gifts of the bridegroom. She carried American Beauty roses and lily of the valley.

Miss Carol Short attended her sister with Miss Helene Lloyd. Both were gowns of pale blue silk with matching halos and elbow-length gloves. Their colonial bouquets were of red roses and white button chrysanthemums.

Flower girls, Misses Porter and Porter, were Donald Kirk and Warren Smith.

**Nurses Increase Special Service Rates In Toronto**

THUNDERBOLT, (CP)—Toronto graduate nurses have voted to increase their rates for private or special nursing service, the Central Registry of Graduate Nurses announced last week.

The increase, effective Jan. 1, brings the cost of eight-hour duty from \$6 to \$10 for ordinary cases and \$12 for psychiatric, alcoholic and drug cases.

Ten-hour duty in normal cases will cost \$12 and the fee for hourly nursing will be \$2 for the first hour and \$1.50 for each additional hour.

# PROVINCIAL BRIEFS

## Grain Truck Damaged In Smashup at Clive

CLIVE—Ken Nelson, UGG grain agent, here damaged his car recently when he crashed into the side of the small truck of Norman Merriell. Damage to truck was slight.

SEDGWICK—To wind up a busy year, members of Sedgewick Women's Institute recently assembled at the United Church.

CLYDE, Dec. 27—A capacity crowd filled Clyde Community Hall Thursday evening to hear and see skills of pupils of Clyde Consolidated School in the Christmas concert staged by the entire teaching staff.

With Albert Nelson as chairman, the program consisted of a dance and play, "The Three Little Pigs," by Miss Hall's grade one and two classes. The clown drill by the boys in Mrs. G. Siegel's grade two and four was among the best items in the evening's entertainment. This room also staged a play entitled "The Night Before Christmas."

A colorful drill was also given by girls in the grade five and six classes with Miss M. Furber, their teacher, at the piano. This class also sang two choruses.

Six-year-old Warren Lux entertained the large audience with a violin solo.

The play "Angel Child" was acted by Mrs. Samuels' grade seven and eight class.

Wayne Fier played "A Famous Willie" on the violin. The Junior High School sang a chorus of songs old and new with Jack Langford at the piano.

The program wound up with a play by Principal G. R. Metling's High School class, entitled "It's About Time."

The dig rallied for funds for the Community Library was won by Mrs. J. K. Fricker who turned in a check to be auctioned by A. Nelson.

## Bulletin Safety Club

So the hockey skates went out to Lloydminster. If you members didn't happen to notice the picture of the mayor of Edmonton making the draw for the contest prize, we give you the names of the three prize-winners:

Alan Johns of Lloydminster should get the skates by express during the holidays, he was first prize. (We'll be interested in hearing how they skated.)

Irwin Striffler was very thrilled about the crokinole set when he picked it up last Friday. We even had a game in the office before he took home. Irwin lives at 9226-104 avenue.

One of our youngest members won the crokinole set, Ronald Akshin lives at 12545-126 street. Also in 2d month, he has a bigger brother who will be pleased to show him how to build everything.

Mostly Boys We had lots of entries but noticed that you girls were outnumbered by the boys! Don't let this happen again because we feel that when we have girls cooperating with us and setting a good safe example, we know they do it very well, perhaps even better than boys who are inclined to take chances. So join our club, girls, and enter our contest.

We are planning a new contest to start the first of the year—it will be much harder to do and will challenge your patience and perseverance. There will be no objection for the time.

Work has been discontinued for the winter but will be resumed in the spring. Greenman and son of Saskatoon, have been drilling on the second well to supply water there. There will be no objection for the time.

PLEASE enroll me in the Bulletin Safety Club

**SCHOLARSHIP CHEQUE** for outstanding progress in first year course in home economics at Vermilion School of Agriculture was awarded to Marie Scheidegger of Orono last week by L. Blades, secretary of Alumni Association. Presentation was made at ceremonies at annual Christmas dinner and dance.

## 2 Coal Men Honored By Drumheller C of C

DRUMHELLER, Dec. 27—Jessie Gouge, pioneer coal operator of this area, and W. (Fred) Poxon, former mine owner at Carbon and present operator of Valley Bus Lines, were each presented with Certificates of Merit recently by the Drumheller Chamber of Commerce.

Mr. Poxon served one term on the council and several as mayor of Drumheller. He arrived in Canada in 1902 with \$17 in his pocket. "During his career he has been homesteader, miner and vehicle operator. In 1930 Mr. Poxon received every vote cast in the Carbonville election for the post of mayor.

## HONORARY MAYOR

Poxon is an honorary member of Drumheller Rotary Club, and has held official office with the local branch of the Red Cross, worked during wartime on the rationing board and for several seasons directed the Red Shield campaign in this district. He held the position of president of the Drumheller and district community chest at the inception of the group.

Fred Stockton pointed out that Jesse Gouge, recipient of the Merit Award, was a man with a diversified career. Gouge gradu-

## WOMAN GETS RARE HONOR

STETTLER, Dec. 27.—Enid Blakey, secretary-technician of Stettler Unit, for seven years, has been chosen to carry out a field survey in polio in the province of Alberta.

Miss Blakey recently acquired her certificate of sanitary inspector and is the only woman in western Canada and the third in Canada to have the qualification.

ated in law in the United States; came to Canada in time to take part in the land boom of the early 1900's, sold implements and finally became the pioneer coal operator of this district.

Stockton maintained that Mr. Gouge had contributed more to the

## \$100,000 Armories Scheduled for Olds

OLDS, Dec. 27.—Work on the \$100,000 armories for Olds is expected to start soon, according to word received by Olds Agricultural Society.

At a recent meeting, attended by Col. Fred T. Jenner, Red Deer; Maj. F. Brown, Western Command, Edmonton; Maj. Les Brown, Western Command; and G. A. Begin, chairman; Hans Randers and Ken Leach, difficulties regarding the armories were discussed. Work is expected to go ahead as soon as possible.

The last few months have seen renewed interest in the project, with the Olds Agricultural Society willing to deed some of their land for the project. In return they want protection of rights in the event the army should have no further use for the building at some future date.

They would also want the use of the building for at least seven days a year, during fair week.

## Bush Camps Take Holiday

WHITECOURT, Dec. 27—Bush camps closed down for the Christmas holiday in most of Whitecourt district.

Men went to their homes for Christmas or spent it in Whitecourt. For those who remained in the camps special menus marked the Yuletide season. Following tradition the camp operators served the Christmas dinner.

Work resumed the day after Christmas in the green chain gangs employed by the lumber companies in Whitecourt itself. The recent mild weather has lent itself to stepping up production.

Well-packed roads facilitate the trucking of the lumber and ties.

## Service for Hanna Man

HANNA, Dec. 27—Well known resident of Hanna died in the local hospital Friday at the age of 70.

He was Guy Campbell, who retired from work this year because of ill health. He had taken medical treatments in Calgary and had returned home last Tuesday. He has made his home in Hanna for many years having come here with Mrs. Campbell from Moose Jaw, Sask.

Funeral services were conducted by Rev. J. E. Clarke, of First United Church, at Whyte's Funeral chapel on Saturday, at a morning service. Interment was made in the Hanna

## Man Injured In Stettler

STETTLER, Dec. 27 — Duncan Clark, well-known resident of Liberal school district, suffered facial injuries Thursday when he stepped back on a cellar step and fell to basement floor.

Mr. Clark was holding in his hand an unlighted lamp for which he had reached. The lamp shattered completely, and Mr. Clark was treated at Stettler Hospital for facial injuries.

Liberal is 10 miles north-west of Stettler.

**ICE BEING MADE  
AT REDWATER RINK**

REDWATER, Dec. 27.—Ice is now being made on four sheets of the new Redwater Curling Association rink in preparation for the opening 'spiel.

The new \$20,000 curling rink was built by Dave Laird, local contractor. Money for the building was raised locally; the land was donated by the Imperial Oil Limited.

Imperial Oil Limited.  
Caretaker and ice maker for the rink is William Mann of Redwater.

## Fleet Pioneer Butcher Shop Has Birthday Sold at Olds

**OLDS.** Dec. 27—Currie brothers John and Jim, who have had a meat and butcher shop business in C for the past 30 years have sold

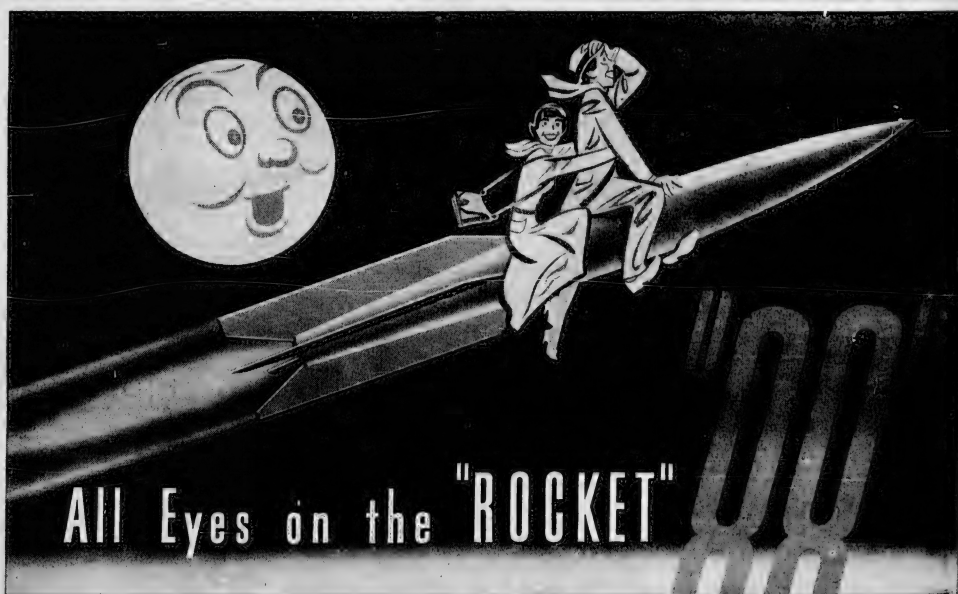

travelled extensively in his younger days, going to Australia in 1881 and spending some time in the United States. He later returned to England and again visited Australia. From there he came to Victoria in 1897.

The next year he joined the "Black and White" and continued to travel extensively in his younger days, going to Australia in 1881 and spending some time in the United States. He later returned to England and again visited Australia. From there he came to Victoria in 1897.

### Program Held

Attracted by home-steading advertising of those days, Mr. Sten returned to Canada and located on the present homestead at Fleet in

Mr. Stone says his mother lived to be 97 and his grandmother attained the age of 104 years.

Everybody's looking! Everybody's talking! Everybody's going for Oldsmobile's famous "Rocket" ride in this sensational '88! And no wonder! For where is the motorist who doesn't thrill to flashing action and velvet smoothness? Where is the motorist who doesn't appreciate real high-compression economy? Both are yours in this value wonder of an Oldsmobile, the '88! And teamed with the amazing "Rocket" engine in every '88, there's famous GM Hydramatic Drive, the truly automatic drive that has outmoded the clutch pedal entirely . . . that makes driving all effortless pleasure!

## Pope Terminates Rome's Holy Year

### Symbolically Seals Up Door Of St. Peter's Basilica

VATICAN CITY, Dec. 27.—(AP)—The pope, Sunday, symbolically sealed the holy door of St. Peter's basilica, bringing to an end the 1950 jubilee Holy Year of the Roman Catholic church.

Clad in a linen biretta, the pontiff knelt to place the first three golden bricks at the threshold of the door he had opened in a similar ceremony a year ago. Dec. 24, Workmen later will brick up the rest of the door, which will remain sealed until the next jubilee—possibly 25 years from now.

The ceremony of a solemn pomp brought to a close a year in which millions of faithful Roman Catholics passed through the holy doors at St. Peter's and at three other Roman churches to attain plenary indulgence—pardon from temporal punishment resulting from sin. The Pope had described it as "the year of great return and the great pardon."

In similar ceremonies, the holy doors also were closed at the three other papal basilicas in Rome—St. Paul's Outside the Walls, St. John the Evangelist, and St. Mary's Major, by Cardinal Giuseppe Verze. Pilgrims seeking plenary indulgence were required to visit all four basilicas.

That ended the church's 25th Holy Year since the first in 1300. But holy celebrations will be extended through 1951 for Roman Catholic churches in the rest of the world, just as it was at the last jubilee in 1925. Normally, the jubilee is held every 25 years, but was sometimes held interrupted this century.

The last foreign pilgrims who were here to witness the closing of the holy door were going home today. Or else, like the Romans, they were celebrating Christmas in the great festival quietly in their homes and boarding houses. Rome at Christmas time normally is subdued. The religious, rather than the festive atmosphere predominated today, with a grey and St. Peter's Square, which had embraced so many millions of pilgrims in these last months, was deserted.

FIRST MARINE DIVISION PATROL moving through snow toward Korean battlefield, passes occupied dead. Marines were battling Chinese Reds in Chosin Reservoir sector.

## Big Bunch Begotten By Busy Old Boy

CALGARY, Dec. 27.—(BUP)—Simon Huether, who says that what he likes doing most is "getting married," figured today that he had done so much to increase the population of Canada that he deserved an old age pension, even if he didn't need it.

At 81, Huether has been married four times—and they've all been good wives—and has close to 200 living relatives. He'd need a convention hall, he said, if he ever wanted to call a family reunion.

Huether's first wife bore him 15 children, he said; the other three, none.

Fourteen of the 15 children were married, and 11 are still living, widely scattered throughout the Canadian and American West: Portland, Seattle, Spokane, Walla Walla, Vancouver, and in various parts of Alberta.

His children, he said, followed his example when they went about the business of building families—they built them big. His eldest daughter, Mrs. Fred Bechthold, of Oids, Alta., had 12.

In a cursory count, Huether estimated that he had about 70 grandchildren of whom approximately 40 were married. Thirty-six of those, he said, had children, and he figured that he had between 80 and 100 great-grandchildren. Of great-great-grandchildren, he could count at least 21.

All this, he felt, made him as worthy of an old age pension as anyone in the country.

"I've raised lots of children," he said. "They all pay income tax. I paid income tax a long time. Now why don't I get an old age pension?"

He didn't need it.

Years of profitable farming in Alberta had left him in comfortable circumstances.

Born in Odesa, Russia, a strapping, white-haired, Huether emigrated to the United States in 1880 and came to Canada in 1900. He farmed most of his life, and today still is the proud owner of a large farm, in which he spends a good deal of his daylight hours during the summer months.

He accepted help in the garden only when really strenuous jobs had to be done. His wife is buried.

"When my wife died, I was 71," he said.

## Peer Caught By His Own Wartime Act

LONDON, CP.—Lord Woolton, chairman of the conservative party, and former food minister, believes it is high time the labor government scrapped many of the legislative controls introduced as wartime emergency measures.

Downing the question in the House of Lords, Lord Woolton minister provided a round-the-clock when he told of having been the victim recently of an emergency regulation introduced by himself in 1941. It involved confiscation by the customs authorities of five pounds of sugar sent to a friend of his from overseas.

SPENDING LIMIT—In sugar-rationed Britain the restriction had been imposed during the war because of the serious shipping situation at the time. It forbade acceptance of more than five pounds of any food in gift parcels. Such regulations, Lord Woolton argued, now are unnecessary.

When a customs official was told of the incident he said Lord Woolton could have his sugar back, provided he gave satisfactory assurance it was sent to him as an uncollected gift.

## WAKE UP YOUR LIVER BILE—

When the liver is not working properly, it can cause a lot of trouble. It is the liver that produces bile, which is necessary for the digestion of food. If the liver is not working properly, the bile will be deficient, and this will cause a lot of trouble. The symptoms of a deficient liver are: indigestion, constipation, and a general feeling of weakness. The best way to keep the liver healthy is to eat a diet that is rich in fruits and vegetables, and to avoid eating too much fat and sugar. It is also important to get plenty of exercise and to keep a regular sleep schedule.
